Response to Notice of non-compliant amendment filed 04/25/2006 is acknowledged. Upon reviewing response to election of species requirement filed 03/28/06, Examiner determined that it is not fully responsive to the election of species requirement. Applicant elected CYGGGGGGRPKPQQFFGLM-amide (SEQ ID NO:2) as substance P analog, and "toxin" as polypeptide inhibiting protein synthesis. Applicant has not, however, identified species of toxin such as those addressed in claims 33,34. Applicant is required under 35 U.S.C. 121 to elect a single disclosed species, i.e., a single compound, even though the requirement is traversed.

Since the above-mentioned amendment appears to be a bona fide attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael Borin whose telephone number is (571) 272-0713. The examiner can normally be reached on 9am-5pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Andrew Wang can be reached on (571) 272-0811. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
